FREQUENTLY ASKED QUESTIONS

We know what you want to know

Inclusions

Is a guestbook included?

Yes it is included for free, though considered optional in case you'd like to provide your own book or have no message book. We also bring double sided tape and metallic markers to put it together with photos and messages.

Is a custom print border design included?

Yes it is included for free and we'll send you a proof. 6 weeks before your event we'll ask you to fill in the form at design.undisposable.com.au or you can send us your design details by email. Our photoshop template can be provided if you want your designer to do it for you.

Is a digital copy of the photos included?

Yes. Files can be downloaded from your password protected gallery, which can also be shared with guests. The link will be sent within 5 business days of the event.

Are unlimited prints included?

Yes. Every session or guest photo is printed twice at a minimum and one kept to the side for the host or album. When there is not a long queue we can print lots of extras for big groups..

Recommendations

How many cameras should I hire for my number of guests?

We recommend one camera per 8-12 guests for sit down events where the cameras sit on guest tables when not in use or one camera per 20 guests for cocktail events where the cameras sit at the print station when not in use.

What time should we start the camera hire for our wedding?

The canapes or start of the sit down. The most attractive photos are during natural daylight, but the most fun photos normally happen during the dancing or after a few drinks. For events in one place generally 4pm to 10pm, reception only closer to 6pm to 11pm.

Do you do activations or Christmas parties or only weddings?

We do weddings, birthdays, corporate parties, marketing events, school formals and end of summer-break-legal-internship office beers. We can service any type of event.

Do you travel?

Yes. Standard travel fees are free for 60km from a base plus \$1.75/km one-way thereafter.

Logistics

How much space does Undisposable take up in my venue?

We fit our printer and your album onto an 0.5m X 1m table or bigger. We ask the venue to provide a table with a powerpoint within 7m. Our photo booth kiosk takes up about 0.5m X 0.5m plus about 1.5m offset from your wall or backdrop.

When will you arrive to setup?

We arrive with our equipment 90 minutes prior to your hire start time unless scheduled otherwise. It takes 30 minutes to setup but we allow extra time in case of delays. Our gear is a couple of suitcases and we are very discrete. We can reduce our arrival buffer if it would clash with your ceremony.

How much does it cost?

Our prices are listed on the next page and configurable at booking.undisposable.com.au
